The Morton Gold Pens are the only one sold at old prices, as the makers of all other gold pens charge the Fremium on the Gold, Government Tax, &c.; but Morton has in no case changed his prices, Wholesale or Retail.

Of the great numbers sent by mall to all parts of the world during the past few years, not one in athousand has failed to reach its destination in safety; showing that the Morton Gold Pen can be obtained by any one, in every part of the world,

at the same price, postage only excepted.

Reader, you can have an enduring, always ready, and reliable
Gold Pen, exactly adapted to your hand and style of writing. Gold I'en, exactly adapted to your hand and style of writing which will do your writing vastly cheaper than Steel Pens; an at the present almost universal High-Pressure Price of everything, you can have a Morton Gold Pen cheaper, in proportion to the labor spent upon it and material used, than any other Gold Pen in the World. If you want one, see the "Pen is Mightier than the Sword," in another column.

HATS .- The head coverings made by KNOX, No. 212 Broadway, corner of Fulton-st., are more the rage this Spring than ever before. His latest style is a rare production of creative skill. It is exquisitely graceful and gives to the wester that distingue appearance which is so much desired by all, and yet, in general, so difficult to acquire.

UNITED STATES 10-40 BONDS.

These Bonds are issued under the Act of Congress 8, 1864, which provides that all Bonds issued under this Act SHALL BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PER CENT INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually, and on all other Bonds semi-annually. The interest is payable on the first days of March and September in each year.

As these Bonds, by Act of Congress, are EXEMPT FROM MUNICIPAL OR STATE TAXATION, their value is increased from one to three per cent per annum, according to the rate of tax levies in various parts of

the country. At the present rate of premium on gold they pay OVER EIGHT PER CENT INTEREST

in currency, and are of equal convenience as a perma temporary investment.

It is believed that no securities offer so great indu enders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the dobts of the United States the whole preperty of the country is holden to secure the pay-

ment of both principal and interest in coin-These Bonds may be subscribed for in sums from \$50 up to sny magnitude, ou the same terms, and are thus made equally available to the smallest lender and the largest capitalist. The Punded Debt of the United States on which interest to payable in gold, on the 3d day of March, 1984, was \$768,965,000. The interest on this debt for the coming fiscal year will be \$45,937,126, while the Customs revenue in gold for the ourrent fiscal year ending June 30, 1864, has been so far at the ate of over \$100,000,000 per annum.

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasury for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from Customs on the same amount of importations to \$150,000,000 per

The authorized amount of the loan is Two Hundred Million Dollars Instructions to the National Banks acting as loss agents were not issued until March 26, but the amount of Bonds reported sold at the United States Treasury up to May 14, was \$48,964,900.
